Offshore Windservice A/S:

Recognize its responsibility to provide garbage management services in a manner that safeguards the environment by reduce waste as per the procedure/manuals. We are committed to minimizing any detrimental impact that our business activities may have by operating an ISO 14001 compliant Environmental Management System.

Including:

1. Regularly review our environmental policy to ensure that it remains appropriate to our activities and services
2. Evaluate environmental performance for continual improvement and prevention of pollution by setting and reviewing environmental targets
3. Strictly comply with applicable legal requirements and any other environmental requirements to which we subscribe
4. Set and review environmental objectives and targets to cover; CO2 emissions, waste management.
5. Ensure that this policy is understood, and implemented at all levels in the organization and is supported by appropriate guidance and training
6. Make this policy available to the public and communicate our progress in reducing adverse environmental impact to all interested internal and external parties and respond appropriately to reasonable requests for information

Billy T. Kristensen, COO
